Competencies include TDM circuit switched telephony, VoIP and wireless engineering and deployment.

ABOUT ADVANCED MARITIME TRANSPORTS

Advanced Maritime Transports is a Swiss based company head quartered in Nyon located 30 kilometers from Geneva. The company was established in 1999 to offer Logistics and Destination Services for the Oil and Gas Industry in West Africa for Project and Re-supply type cargoes. AMT is the Oil and Gas division of the GETMA-NECOTRANS Group with a total combined staff of over 2500 personnel in West Africa.

AMT specializes in logistics services for oil companies and their contractors in all the major oil producing countries in West Africa. Our staff are fully versed and meet the sophisticated demands of these clients. We have conducted negotiations and execution of all types of contracts with various clients based in Europe, the UK, and the US as well as the project & base managers on site.
