Charlotte, NC – June 2009 - Enterprise Systems Corporation announced today that CCL Labels has enlisted the expertise of Enterprise Systems to upgrade their Nortel Option 11C to CS1000E with release 5.5 and deploy VOIP wireless handsets over the WLAN.

## ABOUT ENTERPRISE SYSTEMS CORPORATION

Houston, Texas Based Enterprise Systems Corporation services and supports Nortel Networks voice and data solutions including CS1000, Meridian 1, Succession, CallPilot, Symposium, Meridian Mail, Norstar and BCM. Competencies include TDM circuit switched telephony, VoIP and wireless engineering and deployment.

## ABOUT CCL Labels

CCL Industries Inc. is a world leader in specialty packaging and labeling solutions for the consumer products and healthcare industries.

We manufacture pressure sensitive, shrink sleeve and in-mould labels, aluminum containers and plastic tubes, providing state-of-the-art specialty packaging solutions to global producers of consumer brands in the home and personal care, healthcare and specialty food and beverage sectors. With headquarters in Toronto, Canada, CCL Industries employs approximately 5,400 people and operates 55 production facilities in North America, Europe, Latin America, Asia and Australia.

For over 50 years customers from Procter & Gamble, Gillette and Unilever, to Nabisco, Schering-Plough and Johnson & Johnson have turned to CCL for novel solutions that can move products off the store shelves – quickly, cost effectively and with eye-catching consumer appeal. This is what we do best, and in a highly competitive marketplace it is a defining strength to have. Our extensive capabilities give customers a range of options for enhancing brand image, security and functionality.

**CCL is a focused specialty packaging company. With clear, well-defined strategy, we invest in the businesses with the greatest potential for growth and leadership positions. We continue to expand our presence around the world to meet the needs of our customers. With a global platform, state-of-the-art facilities, a solid international management team, and strong balance sheet, CCL is well positioned to deliver on our stakeholders' expectations.**
